REPORT BY AMBULANCE COMMITTEE

The Mattapoisett Ambulance Committee, headed by Robert Moore, met with Selectmen to submit their final reports on the ambulance study necessitated by the dictates of the State. Mr. Moore said that the State or Federal Government will provide no money toward the estimated $30,000 to $40,000 equipped modular ambulance which the new State law requires. He said that an offer is now extended until May 1st for a modular vehicle (unequipped) at $18,314 by a maker in Texas. Moore's committee said that the town has 3 choices. It can join other towns in a regional service, can purchase its own ambulance or could hire an ambulance service. He said Allied Ambulance located in New Bedford would furnish service at an estimated $150,000 per year.

Moore said that his committee believed that they had accomplished the objectives as laid out by the Selectmen and should disband. Dr. Larry Seidl expressed the opinion that should a committee continue under further objectives that it would be more effective as a smaller group, perhaps as a Board of Directory type of advisory body. Police Chief Alfred Faria said that his department does not contain enough men to man the ambulance with State mandated emergency medical technicians. He said that he is short 4 men. Both Selectmen and Committee members agreed that time was too short to place an article in the annual warrant to learn the town's desire in the matter of purchase or not of the modular ambulance. lectmen said that they found the committee a good working unit which should be continued with a new assignment. They said they would take under advisement the suggestion that the committee be a smaller unit. It was the consensus that the purchase of the ambulance be considered at a Special Town Meeting later in the year.

HANGOUT REPORT

The Mattapoisett Youth Committee submitted a written report on the group of 20 boys who asked for a hangout for a 3 hour period in the evening for 7 days a week. Committee Chairman Girard Oliva said that in the talk with these youth the committee determined that they want a place to go without any supervision where the police could not "hassle" them. The committee said that there is no suitable public building available in Mattapoisett. He said that this was a limited small group not interested in the sports programs already available. He suggested a boys' club might be the answer if Mattapoisett businessmen could be interested in establishing one. The committee recommended more study.

HILLER'S COVE CLOSED

The Department of Environmental Control of the Department of Natural Resources advised the Selectmen that Hiller's Cove is contaminated. The Board of Selectmen closed the cove to shellfishing from April through October of 1976.

A GREAT LOSS Editorial, D.C.J.

A young girl, accompanied by her mother, appeared at the Presto Office this weekend and requested the issue of the Bicentennial Ball because she wanted to keep the photo of Russell Sherman which was on the cover. The tears in her eyes are more eloquent a testimony to his lifelong interest in children than any word of ours could hope to be.

Russell headed the Sports and Athletic Committee and was known and valued by countless Mattapoisett young people over the years. His devotion to them will leave a massive gap to be filled. His family can be proud indeed of the impact that Russell left upon the future by example and service to youth. It can be truly said that he left a living legacy.

School Committee

The Mattapoisett School Committee adopted a budget for 1976-1977 of $863,567 less Chapter 766 reimbursements of $29,353.91 for a net budget of $834,213.09.

For the purpose of curriculum planning by teachers, the following 1/2 day sessions were voted for students for the remainder of this school year: March 17th, April 6th, April 28th, May 19th and June 2nd. On these days students will be dismissed after lunch at approximately 12:30. Afternoon kindergarten will not meet on these days.

A revised policy for determining eligibility for free or reduced price lunches and milk was adopted. Parents are urged to read and return forms sent home as soon as possible.

An extracurricular sports program to begin in the fall was adopted. Gymnastics will be offered to any child K-6 3 days a week before school. Parents will have to provide transportation. Intramural sports will be offered to 5th and 6th graders for 10 weeks in the fall and 10 weeks in the spring 2 afternoons per week. Mr. James Bradshaw will be in charge of both programs and will have an assistant for the afterschool intramurals.

There will be a special meeting on Thursday, April 1st, at 7:30 P.M. at Old Hammondtown School for the purpose of teacher evaluation and any other business.

Mrs. Dorothea Peirce was appointed to serve with representatives from Marion and Rochester to study the concept of total regionalization.

The 4-H Club was granted permission to use a portion of Center School grounds from 10:00 -12:00 on June 26th for purposes of an animal show and pet parade to be held as part of the Bicentennial Week.

THE UNBRANCHED BANK

NATIONAL BANK OF FAIRHAVEN

75 HUTTLESTON AVE., FAIRHAVEN, MASS., TELEPHONE 999-5681

Some of the world's great banks are unbranched.

Like ours.

Not that we have anything against branches. It's just that most people like us right where we are. And they keep telling us so.

Instead of building branches, we've been building on. Putting it all together in one place. Right here on Route 6 where we're so easy to reach from practically everywhere. And the parking's easy.

Why don't you discover for yourself one of the world's great banks. What a real convenience our unbranched banking is. Either with Big Doc, our 24-hour teller out front. Or at our early-bird, triple-lane drive up window. Or in our main bank during regular hours.

Lots of banking options are yours when you bank with us. We're waiting for you. We want you to discover one of the world's great banks.

Ours.

How much can you do for someone before you destroy initiative for them to do something for themselves? For years, this was basic knowledge. It was known as "killing with kindness".

letic Committee and a parallel Youth Committee. There are Mattapoisett Boy and Girl Scout programs, Little League, hockey program, etc., etc. In fact, it is possible that young people are organized to the point where they have lost their potential to amuse themselves. The fact that a group of youngsters cannot think of anything better to do than kill time hanging around aimlessly on the street is sad commentary on their ability to function among themselves. While sympathizing completely with their need to get out from under the organized control of adults and be kids among kids, we wonder if they know how.

Certainly, the last place to go for that sort of freedom is government. Freedom comes from within. If freedom is what the boys want they should start at home. Surely in 20 households there must be one yard and one cellar that could be arranged as a clubroom for a meeting place for 20 boys.

Here's a clue. Look for freedom in any other place but the halls of government. Take a walk along a beach, take a bike ride around town, fix up a cellar or shed as a meeting place, read a book, build a ping pong table, build a boat. There are only two catches. Don't allow adults to participate and take over in any of these activities. Don't annoy them or they surely will.

The most basic mistake of all is to ask government for help. The first step of government is the formation of a committee and that's the end of any personal initiative and how else would you define free choice.

O.R.R. Sports

The Old Rochester Regional High School Varsity Basketball Team will not be competing in the Bay State Tournament this year. The team was notified that they were ineligible for play because of a twenty-two game tournament limit. The Bulldogs have completed twenty-one regular season games and would have to play three more games. This would put the total at twenty-four games, thus over the twenty-two game limit. The team will

Youth Hockey

From the members and players of RYHA, we would like to express our sympathy to the family of Russell 'Putt' Sherman. Anyone involved in sports of any kind is aware of the loss that this brings to the children aspiring to be athletes.

'Putt' was not a hockey player, but would have been a good one. His main concern was that the children enjoyed themselves, no matter what sport they played.

'Putt' was looking at a 3 and 2 count - the pitch was thrown -- and 'Putt' struck out.

From all of us involved in and with children in sports - maybe the Manager in Heaven will put Russell 'Putt' Sherman on His 'All-Star Team'.

RESULTS: MIDGET DIVISION: The Rochester Bearcats tied Fairhaven 1 to 1, in a thriller. Steve Sorensen (Dave Palmer) did the scoring.

In non-league action against the New Bedford All-Stars the Bearcats managed a tie 4 to 4. Scoring were Dave Palmer (u), Bill Barrett (Palmer), Palmer (John Bernier), and Sorensen (Palmer).

BANTAM DIVISION: The Rochester Grizzlies were shut out for the first time in 3 years by a strong Fairhaven team. The Grizzlies are still in first place.

The Rochester Kodiaks shut out Acushnet 3 to 0. Dickie Barrows blocked 18 shots with a super job in goal while Binky Lomba scored 2 goals assisted by Hank Chadwick and Mike Bailey with Hank Chadwick (Jim Collins) adding the 3rd score.

PEEWEE DIVISION: The Rochester Bears lost to New Bedford 3 to 2. Kevin Flood

Ideas for Time Capsule?

During the Flag Day ceremony at Center School June 14, 1976, at 1:15 P.M. we will be burying a time capsule (a lead pipe 19' x 36") to be filled with treasures of our particular time and to be unveiled in 100 years.

The committee would welcome any ideas as to some of the items we should include in this capsule. Please feel free to call or write Liz Field, Neck Road, 758-4643; or Penny Hiller, Neck Road, 758-6062; and let us know your suggestions.

We are most enthusiastic about this endeavor and hope you will be too.

At this time, the committee would like to thank all those people who are helping to make this achievement possible; and a special thank you to Lou Corey and the high school for their time and cooperation; and our thanks should be extended to Mr. Manuel Nunes and Mr. John DeCosta for the materials which they have contributed.

There ARE Issues...

Mattapoisett needs innovative effective leadership. We have crucial decisions to make. Because we are fast consuming buildable land, land use and its effect on water quality are problems we must face now. We must set our course and act. Mattapoisett needs a selectman willing to deal with these issues. I feel I am that person.

If I am elected, you are going to hear about the problems.

Here we are, again approaching our town election. This is a very important time of the year for all taxpayers and citizens of Mattapoisett, because it offers everyone an opportunity to guide the direction of our town through your ballot.

Last year I ran for the Highway Surveyor's office and I am again a candidate this year for this office.

The support that I received last year at the polls against my well-entrenched opponent was heart-warming to say the least.

We entered this race very seriously last year, and my opponent realized after the election that he would have to change the stagnant ways of the Highway Department and as the year went on, one noticed numerous, long overdue projects brought up to date. Of course this was not without an inflationary penalty which will have to be borne by the taxpayer. Seeing this happen over and over again, one realizes how important it is that there be serious opposition for all elected town offices to keep incumbents responsive to the town's needs and for better town government.

I appreciate all support, future and past, in my candidacy for Highway Surveyor this year. Thank you.

CLASSES IN BOATING SAFETY

The United States Coast Guard Auxiliary is the civilian arm of the Coast Guard, dedicated to the promotion of safety in recreational boating. It was created by an act of Congress in 1939 specifically to assist the Coast Guard in saving lives on the water.

The Auxiliary accomplishes its missions through education, boat examinations and safety patrols. Free classes in boating safety and seamanship are offered to the public; which covers small boat handling, marlin spike seamanship, charting aids to navigation, rule of road and legal requirements. Courtesy motor boat examinations are made at the request of the boat owner to ascertain the proper legal equipment is aboard and also specific safety equipment required by the Auxiliary for award of the "Seal of Safety" Decal. Auxiliaries have no law enforcement powers. They are simply fellow boatmen who are interested in promoting safety on the waters.

The Coast Guard Auxiliary perform special patrol for races, regattas and marine fiesta, enduring the safety of the participant as well as the general boating public in the area. They also serve on regular safety patrols in specific areas and in these duties they assist the Coast Guard in its search and rescue missions working directly under the supervision of the Coast Guard.

We will be starting a course for all those interested on March 17th at the Marion Town Hall at approximately 7:30 P.M. Enrollment will continue through March 24th.

So, if you feel you're interested in the U.S. Coast Guard Auxiliary, write: Mr. David Silva, Box 609, Wareham, Mass. 02571; or call 748-0525.

THANK YOU

I want to express my deep sense of appreciation to the members of the Senior Citizens' Club of Rochester; the "Happy Rollers" bowling league; participants of the Nutritional Program and to my friends and neighbors who were so considerate and thoughtful during my recent illness.

G.S. Cookies

As Girl Scout Week ends on March 12, the second section of the traditional Girl Scout Cookie Sale starts. It is a particularly appropriate time. The many girl-planned activities, which are used to help girls grow into resourceful, caring women, have been in the public eye this past week. The Cookie Sale provides funds to support Girl Scouting for the 20,000 Girl Scouts in Southeastern Massachusetts and to support the activities of our local Girl Scout troops. Recruitment, training and back-up help for leaders of 1,000 Girl Scout troops, maintenance of camping facilities, troop service and Bicentennial projects, trips and camping weekends are just a few of the items supported by the Girl Scout Cookie Sale.

A portion of the funds necessary to provide Girl Scouting in Mattapoisett is provided by the Greater New Bedford United Way.
